...made with love and passion

## LARSEN STANDARD

### VIOLIN STRINGS

Larsen Violin strings offer a warm, yet direct and determined sound. They quickly reach tuning stability and deliver excellent projection. Larsen Violin strings are reliable and highly suitable for bright sounding instruments in need of extra warmth.

### STRING DETAILS

The Larsen E string is made of carbon steel. The A, D and G strings are made using a multi-filament nylon core. The A string is wound with precision rolled aluminum flat wire and the D and G strings with pure silver.

Larsen Violin strings are available in three tensions, soft, medium and strong.
